Twitter Commands

@username + message	Directs a tweet at another person, and causes your twitter to save in their "replies" tab. *Example: @Meangrape I love that song too!*
#keyword	Hashtags: helping you find interesting tweets The # symbol, called a hashtag, is used to mark keywords or topics in a tweet. It was created organically by Twitter users as a way to categorize messages. *Example: #shedidntcallbecause she was obviously too busy fighting ninjas.*
Retweet (RT)	Feature helps you and others quickly share that tweet with all of your followers. Example: *RT @MTV: @Rihanna talks about her 'Battleship' role. SO PUMPED to see her on the big screen, how about you guys?*
D username + message	Sends a person a private message that goes to their device, and saves in
